The Afghan is a pretty evidence of the devotion of the school children to the American soldier in France.

## AMERICAN PRISONERS UNDER HEEL OF HUN

With The American Army in France, May 6.—American prisoners of war are being shamefully treated in German prison camps if all have had the experience of an American interview by a French soldier, also a prisoner in Germany, just before he escaped. The Frenchman's story, as told to American officers, follows:

"A short time before I left Hameln, Hanover, I was able to have a few minutes interview with an American soldier, who was taken prisoner several months ago on the French front. Being unwounded, he was assigned directly to a prison camp. Weakened by excessive work, he was forced to do in the salt mines, and being unable to stay longer, he was sent to Hameln.

"I do not remember the name of the man or the number of his regiment, but he had been among the first Americans in the trenches, and his home was in New York. He told me that during the three months he was in the Hars mines he had lost thirty-three pounds. He was a man who was solidly built, and it could be easily seen that he had been vigorous and healthy, but when I saw him he was incredibly thin and so weak that he could hardly cross a room without stopping repeatedly, leaning on pieces of furniture or supporting himself on boxes piled there.

## Many Prisoners Die.

The men are struck with rifle butts and the flat side of bayonets and are placed in dark cells on bread and water. These cells are known to the mine prisoners as "hot chambers," as they are heated by steam to a high temperature. After the men are held in these cells they are turned out in the snow where they are required to stand at "attention" for a certain length of time. Needless to say, deaths are frequent.

"This American had been punished several times in this way, and told me all that I am relating to you. I am able to confirm his story because other Englishmen and Frenchmen I saw at Hameln did not have the strength even to hold a cigarette."

## POULTRY-POULTRY.

The embargo on hens has been lifted and we are paying 16 cents per pound for hens and 10 cents per pound for roosters any time you deliver at our house, still we advise you to keep all laying hens for the eggs, and BETTER PRICES which are almost certain to prevail later on, yet it is perhaps advisable for you to dispose of your roosters and non-laying hens at present prices.

"The Helms Hunters" will be given by the Junior class Wednesday night.

"Claim Allowed" will be given by the Senior class Thursday night.

Friday night will be commencement night. Winnie Dean Moseley, the valedictorian, will deliver an oration on "The Blessings of War." Oscar Bennett, the president will deliver an oration on "Vocational Training in the High School."

## KU-KLUX-KLAN

### WARNS THE WORKLESS

Birmingham, Ala., May 7.—One hundred and fifty white-robed men, in Ku Klux Klan uniform, carrying an American flag and a fiery cross at the head of the procession, rode through the streets of Birmingham last night warning idlers to find work to do.

The riders distributed cards saying the United States is at war, that every man is needed—except those whose attitude is hostile to the Government—and that the Klan intends to see that there is no idleness. The cards say in part:

"If you would be justly entitled to the toleration and protection you are enjoying, find work to do and do it. No able-bodied man rich or poor, has a right to consume without producing. Take heed and go to work. The eye of scrutiny is upon you.  
"Be respectful to the flag of our

country and loyal to the Government. Aid by every means at your command the suppression of disloyalty by either speech or action. The Ku Klux Klan is pledged to the enforcement of the above tenets."

## THE BOND CAMPAIGN.

The sale of near a quarter of million dollars of Third Liberty Loan bonds in the recent campaign in Ohio county, is a lasting monument to the patriotism of our citizens. The Treasury asked Ohio county for only \$85,000 and the total subscription is about \$240,000. No other county in Kentucky of our per capita wealth has approached our purchase of bonds. It is a proud thing to say that Ohio county leads all the 120 counties of the state in bond purchases.

## CIRCUIT COURT NOTES.

Circuit court opened Monday morning, with a fairly large docket, but on account of the busy time of the season it is expected that only a few trials will be had. The jury will probably be discharged for the term Saturday. Only two cases of importance have been heard. One was a suit of Loretta Brown against Delmer Evans to recover for money alleged to have been loaned and for a bill for board. Mrs. Evans was the mother-in-law of Evans, and after the death of Evans' wife, Evans lived for sometime with Mrs. Brown. The jury decided that Evans owed Mrs. Brown \$100 borrowed money, but nothing for board. The other case was that of Wesley Chapel Methodist church against Floyd Keown over the possession of a trifling plot of land. After hearing the evidence the jury was unable to agree upon a verdict and was discharged.

A number of jurors summoned for service were released on a plea of being busy with their crops. Only ten names are on the regular panel. They are: Lee Hicks, S. W. Leach, Warren Shields, T. F. Farmer, A. B. Grant, Virge Hocker, John Bell, Estil Taylor, Floyd Keown and S. T. Leach.

## THIRD LIBERTY LOAN

### IS A BIG SUCCESS

Washington, May 6.—The Treasury to-day abandoned all efforts to tabulate the nation's total Liberty Loan subscriptions because local committees reported they were too busy counting the great number of pledges turned in Saturday to give current accounts of the totals.

Some reports to-day indicated that the total number of subscribers might run above 17,000,000, the Treasury's previous estimate. It is now calculated that 22,000,000 people own Liberty bonds of the first, second or third issues. A few scattered reports to-day raised the money total to the loan to nearly \$3,500,000,000.

"This is the soundest form of Government finance," said Secretary McAdoo, "the distribution of the loan among the people themselves." He urged subscribers to retain their bonds unless there is a pressing necessity for parting with them. Every bond held aids the Government that much more.

## TRUSTEE'S MEETING.

The trustees of the different School Districts of Ohio county will meet on Saturday, the first day of June, 1918, for the purpose of employing teachers for the coming school year.

Each teacher should be present and sign his contract.

Div. N. 1 will meet at Barnett's Creek; Div. No. 2 at Fordsville; Div. No. 3 at Dundee; Div. No. 4, at Mt. Pleasant; Div. No. 5, at Green Brier; and Div. No. 6, at Centertown.

E. S. Howard, S. S. O. C.

## ROAD TO HAPPINESS.

Be amiable, cheerful and good natured as you are much more likely to be happy. You will find this difficult, if not impossible, however, when you are constantly troubled with constipation. Take Chamberlain's Tablets and get rid of that and it will be easy. These tablets not only move the bowels, but improve the appetite and strengthen the digestion.

## WE ENVY THEM.

While we sweat and swear as between the first pinch of spring heat and a balky gasoline engine, we envy that bunch of fishermen who are in three feet of clover at the mouth of Grassy this week.

Unmindful of embarrassed financiers John Moore, indifferent to drills and decayed teeth Doc Prtie, forgetful of delinquent water and light patrons, oblivious to duns from above and delinquent subscribers below Wilburn Tinsley, each loll and rest and fish and sleep, and make merry and perhaps forget to say their prayers, at Fords Camp, at the mouth of Grassy. Some men are born lucky, some men achieve luck and other men just never have any nohow. That's us.
